In this 2-hour class, we'll cover the basics of decorating sugar cookies. We'll practice piping with Royal Icing, talk about how to strategize the best ways to decorate sugar cookies, and cover the general concepts around dough and icing. This class is for the beginner cookier or for the person who is just curious about what cookie decorating is all about! We provide everything you will need: cookies, icing, sprinkles, and a box to take your awesome creations home in - we just need YOU to bring a smile, (and maybe an apron). Each to-be-baker gets 6 cookies, icing colors, sprinkles, and all the tools necessary to knock this cookie class out of the park! Everything is prepped right before class – so no baking or icing mixing required. Just decorate! When registering, you also can add-on an extra cookie decorating kit (\$20) to take home and practice what you learned in class! The kit includes 6 plain cookies and all the icing and sprinkles needed to decorate the 6 cookies!
